SIX PAGES TODAY

BRITISH FORCES RENEW THEIR ATTACK ON THREE-MILE FRONT

Deliver Hard Blow East of Lempire
and Epehy This Morning,
Taking 400 Prisoners.

AUSTRALIANS ARE ADVANCING

Move up North of St. Helena and Are
Now Within Half Mile of St.
Quentin Canal.

FRENCH TROOPS TAKE BENAY.

German Attack on Right Wing of
American Line Before Metz
Breaks Down Today.

Paris, Sept. 21.—French troops captured Benay, five miles directly south of St. Quentin, last night, the war office announced today. A German counter attack at Castres, two and a half miles southwest of St. Quentin was repulsed.

With the British Army in France, Sept. 21.—The British in the midst of a terrific storm, delivered a striking blow on a three-mile front east of Lempire and Epehy this morning, where the Germans still hold the out-post defenses before the Hindenburg line.

Spurs leading from the outposts around LePetit farm made the going bad but between three and four hundred prisoners are already reported to have been taken.

With the British in France, Sept. 21.—The Australians have advanced north of St. Helena and are now within half a mile of the St. Quentin canal.

This is the nearest point to the main defenses of the Hindenburg line reached anywhere except near Havrincourt and St. Quentin.

The village of Lempire has been cleared of the enemy.

With the Americans on the Metz, Sept. 21.—Two heavy German raids almost large enough to be characterized as attacks, were directed against the right wing of the American line this morning. Both were repulsed.

At 6:40 the Germans laid down a barrage along the west bank of the Moselle on a front of nearly two miles. Their infantry started to advance but the attack broke under American fire.

The next raid in the same region was quickly stopped.

Large fires were observed today in the region of the German line four miles north of Thiaucourt.

Advance 10 Miles in Macedonia

London, Sept. 21.—Allied troops in the Macedonian offensive advanced nearly 10 miles yesterday, occupying ten villages, according to the Serbian statement received here today.

Fighting Resumed East of Epehy

London, Sept. 21.—Fighting was resumed this morning east of Epehy between Cambrai and St. Quentin, Field Marshal Haig reported.

Fresh German attacks north of Moeuvres were repulsed.

In the neighborhood of Gouzeaucourt, the German infantry succeeded in pressing them back at one point.

North of the woods, the enemy made repeated attacks but were repulsed, after fighting all night. British troops made progress in Flanders.

Hardest Fighting in Weeks

Paris, Sept. 21.—The hardest fighting in weeks is taking place in the region of Cambrai, St. Quentin and Soissons, where the armies of the allies are battling against the German defenses.

Embarkation of Troops Near Two Million

Chief of Staff March Today Declared
That Americans Are Only Ten
Miles From Metz. Confirms Cap-
ture of 10,000 Germans in the St.
Quentin District by British.

(By United Press.)

Washington, Sept. 21.—More than 1,750,000 American troops have embarked for France, Chief of Staff March announced today. This is 150,000 more than was last announced. He declared that the news from all fronts during the last week had been "continuously good."

He located the American forces in the St. Mihiel sector as 10 miles from Metz and a similar distance from Comblans, an important point west of Metz.

As for the British situation, March confirmed the capture of 10,000 prisoners in the Cambrai-St. Quentin sector. The enemy has lost heavily in counter attacks. St. Quentin is now only 3 miles from the British forces.

weak and sending orders out to hold or die; retake or be killed. The allies are pushing the Prussians in some of the wildest and fiercest fighting of the war.

For weeks the tone of the war stories has been that the Huns have no more fight in them but the Huns are not yet licked. Haig points out that the Huns have strengthened their line by their retreat, and 114 German divisions are holding the line now as compared with the 140 divisions there before the counter attack.

Von Hindenburg shortly will have 84 divisions in reserve ready for operation.

Nevertheless, the Australians have made progress that encourages the belief that the German lines north-west of St. Quentin will be broken, leading eventually to the fall of that important city.

Units of these British colonials have reached positions within one-half mile of the St. Quentin canal, one of the defensive works of the Hindenburg front. The villages of Hohlon and Lempire, previously reported captured, have been cleared entirely of the enemy.

Marcel Hutin, military writer for the Echo de Paris, reports that the Germans are hastening the civilian evacuation of St. Quentin, and that fires have been observed in various parts of the city. He adds that the defenders are placing numerous batteries in position in the town. These operations show that the Huns appreciate fully the growing danger to this bastion of their line and are not going to yield unless forced to do so, and then only after exacting the highest possible price from the attackers.

On the right flank of the present allied objective in Picardy the French have captured finally the town of Benay, directly south of St. Quentin. Farther north, progress has been made east of Esigney-le-Grand.

Official circles in Washington believe a new allied stroke will be started soon on the front in France. The plans of Marshal Foch are not known, but it is intimated that an attack from Rheims to Verdun would cause little surprise. Such a move would probably be the first step in the operation of forcing the Germans to loosen their grip north of the Aisne, and also weaken their hold on the region west and north-west of Metz.

Turkish forces from the Mediterranean coast have been held north of

CALL FOR MORE MEN HERE

Employment Service Wants Large
Number of Workers

Will Spivey, county representative of the United States employment service, has received a bulletin stating that 800 refrigerating men and an unlimited number of lead workers and oxy-acetylene welders are wanted at once by the service. Men of draft age in class one will be acceptable providing they show their classification in a statement from the local board.

Roy H. Cooper, representative of the service, who was here Thursday, will be back Tuesday to induct into the employment service, several men who enrolled here.

TO ALLEVIATE GRAVE AGRICULTURAL NEEDS

Meeting of Rush County Business
Men and Farmers is Called For
Monday Evening

ALL MUST AID IN WAR WORK

In order that plans may be made whereby the grave agricultural labor situation may be alleviated, a meeting of Rush county's business men and farmers has been called for Monday evening at eight o'clock at the sheriff's office.

With the corn fields through the county badly disheveled by high wind which accompanied the rain storms during the early part of the week, and the small amount of farm labor available, the sowing of the bumper 1919 wheat crop will be an impossibility unless assistance is received from outside.

With this end in view Marion Detrick, county agent, and Will Spivey, county labor enrolling agent, have called the joint meeting of the forces, the main object being for merchants and other business men to release their employees in order that they may be of service on the farms. Because this is a necessary war measure, both Mr. Detrick and Mr. Spivey have asked for a good representation.

CALLS ATTENTION TO ARRESTS IN CAPITAL

Mayor Irvin Points Out That Traffic
Regulations in Indianapolis Are
Same as Here

FOURTEEN HAULED TO COURT

Mayor A. B. Irvin today called the attention of Rushville motorists to the fourteen arrests which were made in Indianapolis for the violation of the parking regulations which are identical to those which exist here.

There has been a great amount of proverbial "kicking" concerning the strict manner with which parking rules were enforced here, declared the mayor today, in pointing out that other than setting the motorists right concerning the new regulations by the authorities, no action was taken. The accused persons were arranged in Judge Pritchards court who stated that in the future every violator of traffic regulations would be fined.

SENATE G. O. P. PICKS SMOOT

Washington, Sept. 21.—Senator Smoot of Utah today was selected by the senate republicans as chairman of the senatorial republican committee, succeeding Sen. Gallinger of New Hampshire.

ASKS PASSAGE POWER BILL

Washington, Sept. 21.—President Wilson today demanded passage of the emergency power bill, before congress takes the three day recess.

RED CROSS WANTS WINTER CLOTHING

Asks Donations Next Week to be
Used in Relief Work Among
Destitute Belgians.

IMPOSSIBLE TO GATHER THEM

Appeal is For Serviceable Wearing
Apparel to be Delivered to
Headquarters Here.

The Rush county Red Cross chapter will operate a strenuous campaign next week for the purpose of gathering serviceable winter clothing for the relief work in Belgium.

Because of the destitution of this war ridden country as well as that in northern France, Rush county people are asked by the chapter officials to make a careful survey of their wardrobes and to donate as many pieces of wearing apparel to the county's offering as possible.

The clothing must be brought to the campaign headquarters in the recorder's office as the Red Cross officials will not be able to make a canvass of the county for their collection. Every kind of garments, however, are needed for all ages and both sexes and in addition to old clothing, good pieces of light warm cotton flannel and other kinds of cloth from which to make garments for infants are asked.

A similar campaign which was carried on here last year for the same purpose resulted in a large amount of useful clothing being sent to the refugees. The officials again make the request that was made during the last campaign, namely that the garments be in the class of "useful clothing." Evening slippers, evening frocks, such have made their appearance on various occasions before, are useless and will be discarded at the headquarters. The following garments are needed and will be sent directly to the refugees before the cold weather opens.

Men's Wear.

Shirts (preferably of light colored flannels), undershirts, underdrawers, trousers, coats, work-suits (overalls), suits (3 piece), shoes, overcoats, jerseys, sweater vests, socks (sizes 10 1/2 and 11).

Women's Wear.

Skirts, drawers, corset-slips, petticoats, blouses, shirts, overcoats, suits (2 piece), pinafores, shoes, cloth hats, knitted caps, stockings (sizes 7 and 8).

Boys' Wear

Shirts, Union suits, undershirts, trousers, coats, suits, shoes, overcoats, jerseys, socks (sizes 1 to 9).

Girls' Wear

Dresses, skirts, overcoats, night-dresses, drawers, stockings (sizes 1 to 6), undergarments, petticoats, suits (2 piece), blouses, shoes.

Boys' and Girls' Wear

Hooded caps, pinafores, woolen union suits.

Infants' Wear

Swan-skin swaddling clothes, hooded cloaks, bodices, baby dresses, cradle chemises, cradle dresses, sweaters, bonnets, bibs, neckerchiefs, diapers, shoes, jackets, shawls, socks.

Miscellaneous

Bed-ticks, bed-sheets, pillow cases, blankets, mufflers.

MADE A SECOND LIEUTENANT

Wallace Payne Commissioned and
Assigned as Instructor

Wallace Payne, son of Mr. and Mrs. Ralph Payne of this city, has been commissioned a second lieutenant in the regular army after completing a two months course of training at Fort Sheridan, Ill. He is visiting here now at the home of his parents, but will leave soon for Kansas City to act as a military instructor of selected men at the Ray school for auto mechanics. The fact that he had previous military experience was beneficial to Mr. Payne.

TO OPEN LOAN CAMPAIGN

Jackson Township Will Hold Meeting
Next Thursday Evening

A Liberty Loan meeting for Jackson township has been arranged for next Thursday night at the Osborne school house. The address will be delivered by Douglas Morris and the meeting will begin promptly at seven o'clock.

This will be the second of the series of township liberty loan meetings which will mark the opening of the campaign in the communities in which they will be held. The first one will be at Arlington Monday evening from Dr. Elwood Perisho, chairman of the South Dakota council of defense, will speak at the Methodist church.

54 QUESTIONNAIRES RETURNED UP TO TODAY

Not Being Filled Out By Military
Registrants As Fast As Advisory
Board Requested.

562 HAVE BEEN MAILED OUT

Fifty-four questionnaires had been returned by military registrants of September 12 up to this morning, according to the records of the county army selection board. Up to today, counting the two hundred which were mailed this morning, a total of five hundred and sixty-two have been mailed to registrants. They are not being returned as fast as the legal board advised. It has been urged repeatedly that registrants fill out their questionnaires immediately after receiving them to avoid congestion toward the close of the period for returning them. Next Thursday will be the last day for the first group of registrants receiving questionnaires, to return them to the board, and each day after that the time will expire for each successive group. They are allowed seven days.

The legal advisory board had a busy session last night at the sheriff's office, fifteen registrants reported to have their questionnaires filled out.

TWO HUSBANDS TAKE TROUBLES TO COURT

Guy Marsh And John A. Vansickle
File Suits For Divorce From Their
Wives

ABANDONMENT IN BOTH CASES

Two Rush county men have filed suits in the circuit court for divorce from their wives, each alleging cruel and inhuman treatment. Guy Marsh, who now lives in Jefferson county, Kentucky, wants a decree of separation from Mary Margaret Marsh and John A. Vansickle of Orange township seeks to have the bonds of matrimony between himself and Margaret Vansickle declared void.

Marsh's complaint says that he and his wife were married August 28, 1913 and separated June 28, 1918, and alleges that she abandoned him on the latter date. He charges that Mrs. Marsh was cross and ill-tempered, was quarrelsome and used harsh language in addressing him. Vansickle's complaint asserts they were married August 10, 1915 and that on August 15, 1916, his wife abandoned him and has refused to live with him ever since.

11 SOLDIERS DIE IN WRECK

(By United Press.)
Washington, Sept. 21.—The war department today made public the names of 11 soldiers killed and 30 injured in a wreck near Marshfield, Mo., Sept. 17. All were from the 12th and 13th regiments.

MAY USE AUTO TO ATTEND SERVICES

People Going to Hero Day Patriotic
Meetings Sunday Will Not be
Regarded as Slackers

AN OPINION BY S. L. TRABUE

County Fuel Administrator Declares
Such Use of Machine May be
Termed Conscientious One.

If the number of gasoline propelled automobiles seem to be dashing here and there through the county tomorrow evening in large numbers, "gasless critics" should not be too hasty to term the driver "slacker" since they will probably be enroute to the Hero Day memorial services.

Fuel Administrator Trabue has decreed that the use of automobiles for patriotic purposes is entirely within the bounds of the observation of the gasoline conservation measure, when no other means of travel is available and that attendance at the various Hero Day services which will be held through the county tomorrow, at the request of Governor James P. Goodrich, in automobiles, will not be a violation of the ruling.

Numerous requests for a statement concerning the opinion of Administrator Trabue in regard to the matter promoted this public statement. "Everyone in the county should make an effort to attend a service some where tomorrow and in this manner pay tribute to the Hoosier sons who have made the supreme sacrifice for us, somewhere on the battlefields of France. The use of automobiles for the attendance at such services may be termed a conscientious use and is not only permissible but urged when no other means of travel is available.

Mr. Trabue, urged, however, that Rush county people should not take advantage of the privileges offered on this day and should use their machines only long enough to make the trip to and from the church.

The services in this city will be held at the St. Paul's Methodist church at 7:30 tomorrow evening with the Hero Day sermon preached by the Rev. C. J. Bunnell. The services in Rush county will be especially in memory of her own five sons who have made the supreme sacrifice.

Raymond Hamilton, died in France December 8, 1917.

Fred Beale, lost on the Cyclone, which mysteriously disappeared.

Lieut. Walter Gartin, died at Camp Taylor, Feb. 19, 1918.

Carl Jackson, killed in action June 28.

Elbert Cox, killed in action July 18.

DECLARES REPORTED SHORTAGE IS FALSE

Senator New Says Investigation
Proves That There is Sufficient
Artillery Ammunition

INVESTIGATION IS COMPLETED

(By United Press.)

Washington, Sept. 21.—Reports of a shortage of artillery ammunition for the American army in training were set at rest today by department officials, members of the senate military affairs committee, following their conference.

Sen. Chamberlain said that reports indicated shells for the three inch guns were nearly exhausted while there was no supply in sight. He was told that the American forces have about a month's supply of ammunition, said Sen. New.

BOCHE READY TO EXCHANGE IDEAS

German Ambassador at Vienna Presents German Reply to Austrian Peace Note

ARE WILLING TO PARTICIPATE

Wants to Enter into Confidential, Unbinding Discussion in Neutral Country

Amsterdam, Sept. 21.—An official statement issued in Berlin says the German ambassador at Vienna yesterday presented Germany's reply to the recent Austro-Hungarian peace note. The German note announces the readiness of Germany to participate in the proposed exchange of ideas.

The text of the German reply follows: "The undersigned imperial ambassador has the honor to make the following reply to the highly esteemed note of the royal and imperial foreign minister:

"The summons of the Austro-Hungarian government to all belligerent states to enter into confidential, unbinding discussion in a neutral country, of the fundamental principles for the conclusion of peace corresponds to the spirit of peace readiness and conciliatoriness which the responsible statesmen of the quadruple alliance and the authorized representatives of the allied (Teutonic) peoples have again and again announced. The reception which previous similar steps met with from our enemies was not encouraging.

"The imperial government, however, follows the new attempt to bring the world nearer to the just and lasting peace which it desires, with the sincere and earnest wish that the statement of the Austro-Hungarian government, inspired by profound conciliatory feeling and noble humanity, will this time evoke the desired echo.

"In the name of the imperial government the undersigned has the honor to declare that Germany is ready to participate in the proposed exchange of ideas."

BASKET BALL SEASON OPENS

Arlington H. S. Wins Loose Game From Morristown, 11 to 9

The Morristown and Arlington high school quintets opened their basketball season at Arlington last night in a loosely played overtime contest, the latter winning 11 to 9. Both teams were noticeably weak in basket shooting. Hawk, the Morristown forward and Venech, Arlington's speedy floor guard divided honors. In the second game the Arlington seconds barely nosed out the Morristown seconds 7 to 5.

No more Fords are to be made until after the war but you can still buy War Savings Stamps.

A Tonsorial of PERUNA
Three Times a Day

PERUNA

Has Never Been Down Sick Since Taking

PERUNA

Read this letter from Mr. Robt. Minick, Grass Range, Montana:

"In 1900 I was out in Kansas running a threshing engine and the threshing crew had to sleep out of doors. One of the crew brought a bottle of Peruna to me one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna. I took it until I felt better and then I took it every day. I feel better now than I did when I started taking it. I should keep it on hand like I do and when they feel bad, they should take it."

HOGGING DOWN FOUND PROFITABLE METHOD

County Agent Advocates This Method Of Harvesting Corn Through Rush County

WHERE NO WHEAT IS SOWN

"Hogging down has been found a profitable method of harvesting corn," declares Marion Detrick, Experiment Station records show that as much as 80 dollars per acre have been secured by hogging down corn, when hogs were selling at \$14.00 per 100 pounds and the corn yielded 50 bushels per acre.

"Where wheat is not to be sown hogs will harvest the crop economically. Hogs need some sort of nitrogenous supplement when turned in the standing corn.

"The experiment shows that when tankage was fed at the rate of two to three-tenths of a pound per head per day the gross income was increased \$20.00 to the acre.

"To get the maximum returns on an acre, the corn must be fairly well matured. The number of hogs that a field of corn will carry, may be calculated on the basis of one bushel of corn each week per 100-pound hog."

+++++
* With The Churches *
+++++

—The Rev. J. P. Leach of Drake university, Iowa, will preach at the Christian church in Glenwood Sunday morning at 11 o'clock and in the evening at 8 o'clock.

—First Presbyterian church, Rally Day: 7 a. m., "Quiet Hour," with special prayer for our nation's soldiers; 9:30 a. m., Bible school—Rally Day observance; 10:30 a. m., divine worship, sermon, "A Three-Fold Effort," with special music by the choir. —The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

A ten and a half pound baby was born to the wife of Forest Webb at their home southwest of the city yesterday. The boy was named Hugh Vernon and was properly christened.

EXTRA

A Colored Map of Russia

In this week's LITERARY DIGEST—September 21st—there is a fine, full-page colored map of Russia. This Map shows in detail all towns, rivers, and railway-lines. By its aid you can visualize the territory where the American and other Allied troops are engaged with the Russian Reds.

At this moment, when events in Russia are taking on such critical importance, this Map will be of great service. Accompanying the Map is

A Comprehensive Article On The Russian Situation

drawn from various sources, which will give the reader a clear understanding of the chaotic conditions in that country to-day. Other striking news features in this week's "Digest" are:

Germany's Back To the Wall

A Gleaning of German Papers, as Quoted in This Article, Shows That the Enemy Has Now Lost His Bluster and Is Protesting Loudly That He Is Flourishing His Trusty Sword Merely to Protect Himself

Read "The Digest" and Keep Up to Date

No matter how busy you may be, no matter how little time you have to spare from the rush of affairs that presses on you afresh every day, there is one duty you owe to yourself, there is one thing you can not afford not to do. That is to read THE LITERARY DIGEST faithfully every week. You can't pretend even to skim half the magazines published nowadays, but here is one it is actually vital to you to read with care. It won't take long—a couple of hours perhaps—and it will repay you a thousand-fold. Without it you simply can not be at your best anywhere, socially, in the world of business, in the field of ideas, or in matters of art or religion. It summarizes, epitomizes them all for you, week by week, gives you the wheat of facts threshed clear of the chaff of rumor and freed from the blighting mildew of bias. It keeps you informed on all important world-events everywhere. Read it and stay abreast of the times.

LESTER REESE HURT IN BASEBALL GAME

Comes in Contact With Another Player On Fairview High School Grounds Friday.

Lester Reese sustained painful injuries yesterday afternoon during a baseball game which was in progress in the school grounds of the Fairview school.

While running at full speed down the diamonds, he came in contact with another player and fell with great force to the ground. His knee was badly sprained and his shoulder and hip badly bruised. He was removed to his home where medical assistance was called. A careful examination, however, failed to disclose any internal injuries. Reese, who is twenty years of age, expected to leave next week for service in the army in the dental reserve corps. His injuries, however, are so serious that it will be some time before he will be able to go.

COUGHED FIFTEEN YEARS

Coughs that hang on and grow worse in the night and weaken the sufferer are relieved by Foley's Honey and Tar often better than by any other remedy. "R. R. Hall," Mable, Va., writes: "For 15 years I was afflicted with a33 trouble, a chronic cough and irritation of the throat. Foley's Honey and Tar relieved me. After taking one bottle the cough ceased and has not returned. I am feeling much better and am able to go to work. I am very grateful to you for this medicine."

Personal Points

—Mr. and Mrs. Charles Owens of Moscow were visitors here today.

—Miss Margaret Holbrook will go to Connersville soon, where she has accepted a position.

—Simon Stewart of Purdue University is spending the week-end with friends and relatives here.

—Miss Lucile Lynn is spending the week-end in Indianapolis, the guest of her aunt.

—Miss Mildred Anthony of Milroy, will be the guest of friends in this city this evening.

—Lieut. Veri Bebout will leave Tuesday for Camp Sheridan, Alabama, where he will enter the medical officers' training camp.

—Mr. and Mrs. Ferd Retherford have returned from Dayton, Ohio, after spending a few days there the guests of friends.

—Miss Katharine Wooden will leave tomorrow afternoon to begin her studies in Indiana University, Bloomington, Ind.

—Mrs. Nannie Ross returned last night from Milford, Ohio, where she attended the wedding anniversary of her daughter, Mrs. Paul Mason.

—Mrs. Bert Hudson of Gings station is spending a few days as the guest of her mother, Mrs. Mattie Gardner in North Jackson street.

—Miss Ruth Innis will go to Bloomington tomorrow and attend several of the rush parties of the Kappa Alpha Theta sorority of which she is a member.

—Charles Naden, of the quarter-masters corps at Westpoint, Ky., where there is an artillery range, is visiting his parents, Mr. and Mrs. Thomas Naden of East Seventh street.

—Miss Mae Gray has returned to her home in Chicago after an extended visit in this city as the guest of her father and other relatives. Miss Gray will resume her studies at the Art Institute there.

MURDOCK REAPPOINTED

(By United Press.)

Washington, Sept. 21.—The president today nominated for reappointment Victor Murdock of Kansas, as a member of the federal trade commission. This is regarded as an official repudiation of criticism made in congress against the federal trade commission.

CAFE REOPENED

The Cory Cafe was reopened today under the management of Mr. and Mrs. A. F. Stiffler who have leased the local eating house from Fred Knecht, owner. The cafe was formerly operated by Mrs. Margaret Morton who was forced to give up the management of the restaurant because of her added duties which came with the opening of the schools.

Amusements

Society Drama And Comedy

A fascinating drama of high society will be portrayed at the Princess theatre this evening in the play, "The Soap Girl", the leading role in which will be taken by Gladys Leslie. A supplement to the program will be the comedy, "A Battle Royal", featuring the great comedian, Ben Turpin. Monday afternoon and evening Bryant Washburn will star in "Kidder and Ko" and Tuesday Viola Dana will appear in "Bule Jeans".

LOAN WORKERS MAY CANVASS ON SUNDAY

State Fuel Administration Lifts Ban For This Class of Automobile Drivers

BULLETIN RECEIVED HERE

Since an amount of Liberty Loan canvassing must be done on "gasolineless" Sundays, workers in the drive have been granted the privilege of using their machines at will for this purpose, on Sunday, Sept. 29, which will be the second day in the campaign and on following Sundays until the quotas have been subscribed.

Alex R. Holliday, assistant state fuel administrator, sent out a bulletin yesterday to county administrators, S. L. Trabue, Rush County administrator, receiving one. The message reads:

The Liberty Loan campaign contemplates extensive work on Sunday, Sept. 29, which, if effectively accomplished, will require the use of gasoline automobiles. Please bear in mind that the desirable object to be attained by abstaining from Sunday use of automobiles is to build up gasoline stocks. The matter is in the form of a request from the Federal fuel administration, and is not an order. It is not a request to abstain from necessary or reasonable transportation.

It appears to us that the use of automobiles for the Liberty Loan campaign on the 29th will be necessary. We suggest that each person engaging in the campaign should make it a matter of conscience to attempt to accomplish the desirable end, namely, the building up of gasoline stocks, by abstaining from the use of his machine at some other time, if he uses it on that Sunday.

British Forces Renew Their Attacks on Three-Mile Front.

Continued from Page One

Jerusalem, have suffered a serious defeat at the hands of the British and French armies and their allies, the Arabs. If the situation develops as favorably to the allies as is indicated by reports of the first fighting, the sultan's forces may suffer disaster.

Attacking on a front of sixteen miles, the allies have virtually overrun the whole Turkish defensive system along the Mediterranean seacoast. Railroad junctions have been taken, and cavalry is operating in the rear of Turkish forces, which are holding the line to the eastward of the active front.

These enemy units are prevented from retreating eastward by the hostility of Hejaz tribes beyond the Jordan, and they face a serious problem in making their way to safety along the western banks of that historic stream.

More than 3,000 prisoners have been captured by the allies, who have also taken great quantities of war materials.

British, French and Serbian and Greek forces are pursuing their success in the Macedonian theater. Potoshko, a town nineteen miles east of Prelep, has been reached by the French, while the Serbians have crossed the Cerna and are in the neighborhood of the town of Dunye, south of Prelep. Farther east, the British and Greeks are forcing the Bulgarians back in the Lake Doiran region, despite violent resistance of the enemy.

The achievements of the British air forces in the last week have been among the most remarkable of the war. Sixty tons of bombs were dropped on German territory in five days by British machines. This exceeds records for any previous two weeks.

HENRY ONEAL IN ENGLAND.

Mrs. Henry Oneal has received word that her husband has arrived safely at an English port. Private Oneal left here for Fort Harrison three months ago, where he took engineering training and was later transferred to Washington barracks.

LORENTY CASE SETTLED

The case of State vs. Lorenty for petty larceny, which was tried in the mayor's court this morning, was settled without the payment of fine and the charges which Grant Lady, alias Lorenty, had been taken on for the same offense.

Willard

STORAGE BATTERY SERVICE STATION

Why Batteries Wear Out

There are two reasons; the natural wear that goes on slowly, and the rapid wear that's due to abuse, as when you—

- Spin-spin-spin—a cold motor
- Let the plates starve for want of charge
- Forget to add distilled water.

You expect natural wear in batteries as much as you do in tires—but if your tire was flat you wouldn't keep running on it.

Drive around this way, and we'll tell you how you've been treating that battery, and how you can postpone its old age.

Ask for our booklet, "A Mark with a Meaning for You"—it tells what's back of the Willard Mark.

MEASURE THE MACHINE AS WELL AS THE PRICE

When our customers come to our store they ASK US THE PRICE. No man would buy a manure spreader without knowing exactly what he is going to pay for it—that is good business.

However, some men fail to get as much information about the machine as they get about the price, and this is where such men are absolutely WRONG.

Come and see the RUSHVILLE SPECIAL—look it over, and if you think it will last you twice as long as any other spreader on the market, would you be willing to pay twice as much as the other fellows ask? Perhaps not, but you ought to be willing to pay a good deal more.

Now, we are offering you the RUSHVILLE SPECIAL at a moderate price, and with it we give you a guarantee that on the face of it, should convince you that this Spreader will OUT-LAST other makes of machines at least two to one. There is a reason for this durability, and this reason is in the material used and the manner in which the machine is built. This spreader is built at a factory where they don't build anything else. They are specialists. They are the oldest builders in the spreader business today. They make everything that goes into the machines, from the raw material. The Litchfield Mfg. Co. are NOT ASSEMBLERS.

We think this spreader is worthy of your minute inspection. COME AND SEE IT.

C. H. TOMPKINS
RUSHVILLE, INDIANA.

PASSES RECORD REVENUE MEASURE

House of Representatives Unanimously Adopts Bill to Raise \$8,120,000,000

IT NOW GOES TO THE SENATE

Present Rates on Beverages and Tobacco Are Doubled in Present Draft of Measure.

Washington, Sept. 21.—The House late yesterday passed the war revenue bill, designed to raise by taxation approximately \$8,120,000,000 of the twenty-four or more billions needed by the nation for the current year. The huge budget, said to be the largest of its kind in the history of any nation, now goes to the Senate.

Passage of the bill was unanimous. A formal roll call demanded by Majority Leader Kitchin, recorded 350 yeas and no nays, which announced by Speaker Clark, was greeted by a roar of cheers and applause.

All possible speed in the bill's course through the Senate is assured, according to leaders, the Senate finance committee having concluded formal hearings. Desire for the bill's enactment before the November elections has been expressed by leaders of both Houses, but this is considered doubtful.

Consideration of the measure by the House prior to the vote was brief. An amendment by the House ways and means committee, which drafted the bill, extending the depletion allowances to gas and oil wells and mines to include "timber and other natural deposits" was adopted.

Representative Moore of Pennsylvania, Republican renewed his proposal for a committee to supervise war expenditures, but it was disposed of on a point of order as was another amendment offered by Mr. Moore for a House committee to investigate means of preventing wasteful expenditures.

Representative Good of Iowa, Republican, made a vigorous, but futile fight for his amendment to provide \$3,500 exemption from income taxes for persons serving military establishment overseas instead of limiting the exemption as proposed in the bill to government salaries. A substitute amendment by Representative Austin of Tennessee, Republican, to exempt all privates from income taxation also was rejected.

An amendment in the interest of wine producers drafted and approved by the Treasury Department and offered by Representative Kahn of California, was denied consideration because of objections by Representative Stafford of Wisconsin, Republican. It is provided that wine growers could extract alcohol from wine and sell non-alcoholic beverages.

Just before the final vote, Representative Longworth of Ohio, Republican, characterized the bill as "a mighty good job" and said it would "show that the American heart is grimly set on carrying the war through to the finish and is the best give to the winning peace proposal from Austria."

Major tax features of the bill as transmitted to the Senate and estimated revenue yields include:

Income Tax—Individual's normal rate increased from 5 to 12 per cent, with the first \$4,000 at 6 per cent and exemptions of \$1,000 for single and \$2,000 for married persons—\$414,000,000.

Individual surtaxes on incomes over \$5,000; present ranges of 1 to 65 per cent increased to from 2 to 63 per cent—\$1,068,000,000.

Corporations' incomes increased from 6 to 18 per cent, but with only 12 per cent payable on dividends distributed, debts paid and new Liberty bonds bought—\$894,000,000.

War and Excess Profits of Corporations—Eighty per cent on war profits and virtually doubled rates on excess profits ranging from 35 to 70 per cent—\$3,200,000,000.

Beverages, present rates doubled—\$1,157,600,000.

Tobacco, present rates doubled—\$311,200,000.

Luxuries and semi-luxuries, 20 and 10 per cent—\$272,555,000.

Other excise taxes including automobile sales, jewelry, 2 cent a gallon on gasoline, etc.—\$274,750,000.

Gift tax on automobiles, \$10 to \$50 each—\$72,930,000.

Do It the First Day

By Wilbur D. Nesbit

You know you are going to buy Liberty Bonds.
You wouldn't be square with yourself if you didn't.
You couldn't take off your hat to the flag with half the sense of ownership if you didn't.
You couldn't cheer the marching line of troops with half the thrill if you didn't.
You couldn't watch the Jackies go by with half the pride if you didn't.
You couldn't glimpse a battleship off the coast with half the joy if you didn't.
You couldn't read the war news with half the eager faith if you didn't.
You couldn't be 100% American if you didn't.

You know the Fourth Liberty Loan starts September 28th.
You know that buying a Liberty Bond isn't making a gift.
You know you are simply lending your money to your Government—to the best friend you and your mother and wife and sister and daughter have.
You know what security is back of your loan—security that means good interest and that your money will be paid back to you.
You know all of that—you know the *business* side as well as the patriotic side of it.

Then, buy your Liberty Bonds the very first day of the Loan. Don't wait. Do your thinking beforehand. You don't need to consider it; you don't have to be *argued* into it—you know you will buy Liberty Bonds. Be one of the first to get the badge of honor—the Liberty Bond button. Get yours on the first day—September 28th. You know what an example that will set.

Make September 28th your Liberty Bond day.
Could you do a better thing right now?

FINE TONIC FOR WOMEN

Is What This Lady Thinks About Cardui. It Made Her Well.

Springfield, Mo.—Mrs. Alice Fletcher, of this address, writes: "I cannot say too much in praise of Cardui, it has done so much for me. Shortly after my marriage, 14 years ago, I suffered terribly with my back, and my limbs pained me so bad. And also I had such awful bearing-down pains, and I became very weak and could not hardly do my work. I went to my sister-in-law and she told me to get Cardui. So I took one bottle and it helped me so much, I got another bottle, and by the time I had taken the two bottles I was a well woman. I have never been troubled any more. I keep Cardui in my home for I think it is a fine tonic for a woman raising a family. I always take one or two bottles before and after my... for it strengthened me so, and has such good effects on my nervous system. Weak women, worn out with the work and care of the home, need a tonic, strength-building medicine, like Cardui, the woman's tonic. NCB-9

Mrs. Will Bliss entertained the members of the Thimble club yesterday afternoon at her home in North Perkins street.

Mr. and Mrs. Bert Mullin entertained last evening the members of the 500 evening card club. Besides the members there were several guests, who enjoyed the evening over the tables.

Invitations have been issued for an informal dinner party, to be given at the social club next Thursday evening, Sept. 26, in honor of Miss Clorene Amos, bride-elect, of the month. The hostesses will be Mrs. Jack Knecht, Miss Jessie Kitchen, Mrs. Hubert Innis and Miss Esther Black.

The members of the Y. P. C. U. of the First United Presbyterian church met last evening at the home of Miss May Cheek. During the business meeting numerous plans were discussed.

...the young people, from this winter after which a social time was spent and light refreshments were served.

A wedding of interest to many Rush county people was solemnized Monday, Sept. 16, in Newcastle, when Miss Mildred Vandam of Anderson township and Meimer Pierson of Indianapolis, were married, with the Rev. Charles Schultz officiating. The bride has resided in Newcastle for some time and has a number of friends in this city.

Notes of Woman's Section of State Defense Council

(Compiled by Mrs. Albert Rabl, Chairman Publicity Committee.) An important announcement from the office of the Surgeon Gen. is to the effect that the Red Cross is now enrolling colored nurses for service in the Army Nurse Corps. Quarters are now under construction at five army posts, Camp Dodge, Grant, Sherman, Taylor and Meade. A group of approximately twenty colored nurses will be used at each of these stations for the care of colored troops.

The woman's Committee of the Council of National Defense requests that Publicity Chairmen throughout the country begin at once to emphasize the wishes of the National Council in regard to Christmas buying during the coming fall. The utmost effort is to be made to confine Christmas giving, except for the young children, to useful articles and to extend the period for holiday purchases over the months of October, November and December. Retail interests have been asked not to increase their working force and not to increase normal working hours of their force during the Christmas season; deliveries will be restricted and customers will induce in so far as possible to carry their own packages. The National Council will insist that the continuance of holiday business be in such form and on such scale and by such methods as are consistent with the national welfare.

The Fayette County chairman of Child Welfare reports the organization of a Girl's Patriotic Club. A picture show given recently by these girls netted \$200. Of this amount \$50. was donated to the Red Cross, \$75 to the support of a French orphan and the remainder is held in readiness to help along the child welfare cause.

Another unusual organization in county is the Red Cross Sacrifice Club of East Connersville Township. Members of this club receive all forms of donations from one cent to one dollar, but most contributions are from five to ten cents. During July and August \$106.29 was collected by the club through this method.

We have at the Woman's headquarters in Indianapolis, the national button for the women of the National Council of Defense. This button was selected and designed by our National Committee and we would like all women engaged in war work to wear one. These buttons can be procured at our headquarters, room No. 83 State House, for the small sum of 10 cents.

FIRST JOINT INSTITUTE Teachers of Anderson, Orange and Richland Townships Meet

The first joint teachers institute in the out townships of Rush county was held today at the Milroy school building.

Teachers from Anderson, Orange and Richland were present for the session, at which the final plans for the course of work to be covered by the teachers was decided upon. Prof. W. E. Wagoner, principal of the Milroy school, was chairman of the institute and delivered the feature address of the program, which continued throughout the day. The township institute will be held each third Saturday in the month during the school year, according to the agreement of the institute executive committee.

FIRST ANNUAL YEAR BOOK TO BE COMPILED

Epworth League Devises Scheme To Pay For it With Proceeds of Penny Supper.

TO PROTRAY M. E. ACTIVITIES

The first annual year book ever compiled at the St. Paul's Methodist church will be completed soon under the direction of the Epworth League.

The league which is one of the live wire organizations of the church, has devised a scheme whereby the money to defray the expense of the publication of this convenient directory will be made at a penny supper to be given at the church Friday evening, October 4.

The book will include a complete directory of the various departments of the church, enrolling the names of all church members, an honor roll of the members of the church in military service, the names of the directors, the various committees in charge of church work, Sunday school classes and members and missionary societies including the names of the officers and members.

NEWS OF DEATH OF DR. V. T. LINDSAY RECEIVED

Springfield, Ill., Physician Well Known Here, Widow Being Sister Of Rushville Men

FATHER OF VACHAL LINDSAY

Word has been received here of the death of Dr. V. T. Lindsay of Springfield, Ill., which occurred yesterday following a long illness which resulted from exposure.

The deceased was well known here, his widow being a sister to J. P. Frazee and Austin Frazee of this city. He is survived by his widow, a daughter Mrs. Paul Wakefield of China and a son Vachael Lindsay, one of the county's prominent poets, who appeared in this city last winter.

Mr. Lindsay who had been partially blind for some time before his death, was visiting in Colorado when he was taken ill and walking alone beside a stream he lost his footing and fell into the icy water. The shock and the chill resulted in complications which caused his death.

The funeral services will be conducted tomorrow afternoon at three o'clock at the residence in Springfield after which burial will be made there. J. P. Frazee and Austin Frazee have gone to attend the services.

Red Cross Notes

The sewing headquarters of the local Red Cross chapter will be open for work Monday, after being closed for some time. In order that the county may complete its quota, the heads of the sewing departments urge that a large number of the sewers be present to take up the work.

PEPSINCO Does Your Food Kick Back? Thousands upon thousands are taking Pepsinco, the marvel of the 20th century, because they could not eat a meal without distress, pain and a disagreeable bloating. Today they are better, able to eat what they want and when they want. They took Pepsinco. Do you feel bad after eating? Take Pepsinco. They will aid digestion. No pain, distress. It's like living life over again when you take Pepsinco. The absence of pain and sourness makes you contented and happy. Mr. H. said Pepsinco saved his stomach because he did not dare eat things good for him and he was slowly starving to death. Pepsinco helped him. Pepsinco is sold in all drug stores, and is the greatest Peppermint.

GOING TO FRANCE AS CLERK

Miss Grace McDaniel Will Serve With Express Co. Overseas

Miss Grace McDaniel, who formerly resided in this city, is in New York, awaiting orders to sail for France, according to word received by relatives here.

Miss McDaniel who has been in the employ of the express company in St. Louis for several years, will cross the ocean as a clerk in that department of the American expeditionary forces. The pass ports have been signed and everything has been arranged for the trip, according to the announcement.

Frances Irene, the infant daughter of Mr. and Mrs. Herschel Rhodes, who reside near Fairview, died last night. The child was two days old. Burial was made this afternoon in the Fairview cemetery.

Don't Let Worms Kill Your Hogs Intestinal and Stomach Worms are the most common of hogs and pigs and they multiply very fast. It is easy to tell the pig that is loaded with worms. The hair is rough, has little or no appetite, coughs more or less and goes backward every day. Thousands of pigs and hogs die from worms every year. This can all be prevented by feeding ACME WORM BOUNCER from birth to maturity. R. G. WELLMAN LOCAL AGENT. PHONE 1508.

The big saw mill scene, county fair, a big political rally and many other scenes of interest. A play that broke all records on the stage.

TRIED MANY, FOUND THE BEST
Good digestion is the foundation of good health. Foley Cathartic Tablets keep the bowels regular, cleanse the stomach and tone up the liver. There is nothing better if one desires an old-fashioned, harmless, gentle laxative in action, yet thoroughly cleansing in effect. J. E. Glasgow, Newark, Ind., says he has used a great many kinds of cathartics, but only Foley Cathartic Tablets gave him more satisfaction than any other. He says they are the best cathartic tablets made. F. B. Johnson, Adv.

CASUALTY LIST GIVES TOTAL OF 278 NAMES

Complete List Shows That Names
of 32,471 Americans Have Been
Listed Since War Began

6,038 SUPREME SACRIFICES

Washington, Sept. 20.—Two casualty lists issued today bore the names of 278 Americans, bringing the total number of U. S. casualties to 32,471 since the opening of the war. Of this number 6,038 have made the supreme sacrifice.

Six Indians were included in today's list two being wounded severely and four missing in action. The wounded include Melvin Rohrer, Stockwell, and Paul Stockdale, Waynetown, and the missing in action include Carl Bonnewell, Spencer; Harry Botts, Muncie; Miles Mladon, Gary; Anton Owerus, Indiana Harbor.

Forty-five of the Americans reported in today's casualties were killed in action, 108 missing in action; 99 wounded severely; thirteen died of wounds; five died of disease; seven dead of accident and wounded slightly.

EXHIBIT OF WAR TROPHIES

Will be Made in Indianapolis During
4th Loan Campaign

Arrangements will be made to entertain delegations from every county in Indiana at the War trophies that will be a feature of the fourth Liberty Loan campaign, in Indianapolis. The exhibit, which includes trophies of rare interest from every country involved in the world war will be shown on the north terrace of the federal building, in the state capital and in University park, just across the street. The exhibit will be free to the public. It is expected to prove one of the most potent educational and inspiring patriotic outdoor stunts arranged in connection with the pre-subscription effort of the Indiana committee.

The Genuine Furnace Hot Blast

ARRIVED LAST NIGHT

This is the Hot Blast that heats the floor like a furnace, no heat whatsoever gets above that hot blast ring. Every soft coal stove on the market after being used a few days gets red and ugly where hot blast joins boiler iron body. The furnace hot blast absolutely does not turn color, nor get red above the hot blast, showing that our air circulation is perfect, forcing all hot air to be deposited at the floor.

This Hot Blast has 2600 SQUARE INCHES of radiating surface while any other stove of same size has only 1800 square inches of radiation. Why shouldn't this hot blast heat the floor best on less fuel?

Our stove regulates itself with its own damper, others use dampers in pipe and must be carefully watched so as not to turn red hot. Seeing is convincing, and it is simply a treat to inspect the construction of this heater.

Burns Successfully Any Kind of Fuel Hard Coal, Soft Coal, Slack or Coke

This heater is not only durable and lasts but is very beautiful and is an ornament to any home. Remember this is the very latest model of 1918 patterns. No body iron to polish, no mica to clean and no soot in pipe. These features are guaranteed along with the fact that this stove has the weight which designates quality and heating quality.

Don't Take Our Word—We Guarantee and Install this Stove on Fair Trial—Genuine Furnace Hot Blast

Manufactured by Furnace Stove Co. Clinton, Indiana.

PLENTY OF PIPE, DAMPERS, COLLARS, COAL HODS AND SUPPLIES IN STOCK
